

# MEMORANDUM

**TO:** District Engineers  
Regional Directors

**DATE:** June 13, 2012

**FROM:** Mark A. Marek, P.E. *mm*

**SUBJECT:** Revised Roadway Standards  
PED-12A (sheets 1, 2, 3 & 4)

---

The following changes have been made to the roadway standard sheets.

The sheets will be applicable to all new construction projects beginning with the November 2012 letting. The use of these sheets prior to that date is at the option of the district. The new standards are available from the Roadway Standards web page in Microstation® "dgn". See <http://www.dot.state.tx.us/business/standardplanfiles.htm>. Please distribute this information to the appropriate district staff and area offices, as well as consulting engineers working on TxDOT projects.

The following represents a summary of the individual sheet changes:

**PED-12A.** PED-12A (sheets 1, 2, 3 & 4) replaces PED-12 (sheets 1, 2, 3 & 4).

- Sheet 1: Type 3 ramp dimensions on the top right was mislabeled and should show a 5' min. Landing and 2' min. Curb Ramp. A 5' min. dimension was added to the left side of Type 6 ramp. On Type 7 and 8 ramps, a back of curb line was added to show the grade break begins where the curb height transitions to 0'. On Type 11 ramp, the 5' min. shown above the "Landing" has been aligned with the dimension line to the right.
- Sheet 2: Note 22 has been revised
- Sheets 3 & 4: No changes.

If you have any questions or need additional information concerning these standard details, please contact Pete Krause, RLA, Design Division, at (512) 416-2714, or Harry Dawson, RLA at (512) 416-2320.
