

MEMORANDUM

TO: District Engineers
FROM: Mark A. Marek, P.E. *mm*
SUBJECT: Revised Roadway Standards

DATE: October 21, 2011

The following changes have been made to the roadway standard sheets.

The sheets will be applicable to all new construction projects beginning with the April 2012 letting. The use of these sheets prior to that date is at the option of the district. The new standards are available from the Roadway Standards web page in Microstation® "dgn". See <http://www.dot.state.tx.us/business/standardplanfiles.htm>. Please distribute this information to the appropriate district staff and area offices, as well as consulting engineers working on TxDOT projects.

The following represents a summary of the individual sheet changes:

CRCP(1)-11 CRCP(1)-11 replaces CRCP(1)-09. General Note No.12 has been added to specify the splice length for longitudinal reinforcing steel.

CRCP(2)-11 CRCP(2)-11 replaces CRCP(2)-09. General Note No.14 has been added to specify the splice length for longitudinal reinforcing steel.

If you have any questions or need additional information concerning these standard details, please contact Elizabeth Lukefahr, P.E., Manager of the Rigid Pavements and Concrete Materials Branch, Construction Division, at (512) 506-5858.
