

# MEMO

December 21, 2017

**To:** District Engineers

**From:** Camille Thomason, P.E.  
Director, Design Division

**Subject:** Revised Roadway Standards

---

The following changes have been made to the roadway standards sheets.

The standard sheets will be applicable to all new construction projects beginning with the March 2018 letting. The use of this sheet prior to that date is at the option of the district. The new standards are available from the Roadway Standards web page in Microstation® "dgn" and Adobe "pdf" format.

See <http://www.dot.state.tx.us/insdtdot/orgchart/cmd/cserve/standard/rdwylse.htm> Please distribute this information to the appropriate district staff and area offices, as well as consulting engineers working on TxDOT projects.

**GF(31)MS-17** The GF(31)MS-17 is a replacement of GF(31)MS-11. The sheet has been modified to clarify the language for the grout mixture to be used in the leave-out, in General Note 8.

**MBGF(MS)-17** The MBGF(MS)-17 is a replacement of MBGF(MS)-11. The sheet has been modified to clarify the language for the grout mixture to be used in the leave-out, in General Note 8.

**GF(31)LS-17** The GF(31)LS-17 is a replacement of GF(31)LS-14. The sheet has been modified to specify the long span system as being 50 ft. in length, and to be payable by "Each" long span system.

If you have questions or need additional information concerning these standard details or categorization chart, please contact Kenneth Mora, P.E., Roadway Design Section Director, at (512) 416-2678.
