Subject: Revisions to Roadway Illumination Details (RID) Standard Sheets

The Traffic Safety Division has revised the Roadway Illumination Details (RID) standard sheets. Descriptions of the revisions to each sheet are as follows:

RID (1)-20

- Added notes concerning decorative LED lighting equipment and installation.
- Revised note 5.b. to correct reference to 6th Edition of the AASHTO specification.

RID (2)-20

- Revised note 11 to clarify that the top of the foundation is to be even with grade.
- Revised note 11 and Section A-A drawings to clarify that riprap is required for illumination foundations on slopes, and as shown on plans for level grade.
- Revised Section A-A to clarify that top of the conduit is to be 2" (± 1.0) above the foundation

RID (3)-20

- Title block updated

The standard sheets may be used immediately and shall be used for all applicable PS&E sets beginning with the June 2021 letting. The new sheets are available in Microstation and PDF formats at the following address:

<http://www.txdot.gov/insdtdot/orgchart/cmd/cserve/standard/toc.htm>

If you have any questions, please contact me at (512) 416-3200 or Greg Jones at (512) 416-3121.
