

# MEMORANDUM

**TO:** District Engineers

**DATE:** March 29, 2012

**FROM:** Carol T. Rawson, P.E., Director  
Traffic Operations Division

A handwritten signature in black ink that reads "Carol T. Rawson, P.E.".

**SUBJECT:** **Correction:** TS2-Series Standard Sheets

---

In reference to the February 3, 2012 memorandum issuing the revised PM-Series, FPM-Series and TS2-Series Standard Sheets, sign designation numbers for several signs typically used on the TS2-Series sheets are incorrectly noted. The release of the 2011 Texas Manual on Uniform Traffic Control Devices (TMUTCD) contained numerous sign designation changes to more closely match the federal MUTCD including those on the TS2-Series sheets.

The following sign designation references have been updated:

- "Passing Lane 2 Miles" D15-10T (previously designated as D15-1)
- "Next Passing Lane X Miles" D15-11T (previously designated as D15-2)
- "Lane Ends Merge Left" W9-2TL (previously designated as W9-2L)

The revised TS2-Series standard sheets are available in MicroStation and PDF formats at the following web address:
