

MEMORANDUM

TO: All District Engineers **DATE:** April 1, 2010

FROM: David P. Hohmann, P.E., Director *David P. Hohmann*
Bridge Division

Carol T. Rawson, P.E., Director *Carol T. Rawson, P.E.*
Traffic Operations Division

SUBJECT: Revised Cantilever Overhead Sign Support Standard Sheets

Due to file conversion issues, revisions to the Cantilever Overhead Sign Support (COSS) standard sheets are required. The COSS standard sheets, drawings 61 through 65 published August 21, 2008, should not be used.

The COSS standard sheets, drawings 61 through 65, have been revised and are available in MicroStation and PDF formats at the following web address:

<http://www.txdot.gov/insdtdot/orgchart/cmd/cserve/standard/toc.htm>

Each district should change order all projects let from August 2008 through April 2010 that included these standard sheets. If the work has been completed that involves these standards, please contact Tim Bradberry (BRG) at (512) 416-2179.

If you have any questions concerning the revised standards, please contact Tim Bradberry (BRG) at (512) 416-2179 or Michael Chacon (TRF) at (512) 416-3120.
