Subject: Re-Issue of ITS Pole Foundation Details ITS(3)-16 Standard Sheet

There was an incorrect reference on the ITS(3)-15 sheet for ITS Pole Foundation Details. The reference to 'ASTM A1554' in note 6 on this sheet should be 'ASTM F1554'. Also, within note 6, 'ASTM A 194 Grade 2H' was changed to 'ASTM A194 Grade 2H'.

The acronym used to identify the sheet will include a "-16" extension to indicate the revision. The ITS(3)-16 sheet may be used immediately. Any plan sets that incorporated ITS(3)-15 should be immediately replaced with the re-issued ITS(3)-16.

The re-issued ITS(3)-16 is available in MicroStation and PDF formats at the following web address:
