

# MEMORANDUM

**TO:** District Engineers *Carol T. Rawson, P.E.* **DATE:** February 11, 2010  
**FROM:** Carol T. Rawson, P.E.  
**SUBJECT:** CMV Inspection Stations

The Traffic Operations Division recently received a request from the Texas Department of Public Safety (DPS) to change the name of WEIGH/CHECK STATIONS to CMV INSPECTION STATION in order to accommodate both truck and bus inspections.

The CMVC-10 and CMVF-10 standard sheets are replacing the Weigh Station (WSST-98 & WSSFT-98) and Check Station (CSSB-98 & CSSFB-98) standard sheets. The CMV Inspection Station signs should be used for new installations, when the service life of the current signs has expired, or if they have been hit or damaged.

The revised standard sheet is available in MicroStation and PDF formats at the following web address:

<http://www.dot.state.tx.us/insdtdot/orgchart/cmd/cserve/standard/toc.htm>

If you have any questions, please contact Michael Chacon at (512) 416-3120 or me at (512) 416-3200.
