Standard Sheets

In reference to the February 7, 2008, memorandum on the subject standard sheets, we have revised the FPM(1)-08 standard sheet to state the following under Traffic Lane Lines Pavement Marking Details:

PAVEMENT MARKERS (REFL) TYPE II-C-R SHALL BE SPACED AT 80' CENTERS WITH THE CLEAR FACE TOWARD NORMAL TRAFFIC AND THE RED FACE TOWARD WRONG WAY TRAFFIC.

The standard sheet we sent out yesterday used the word "should" instead of "shall". The revised standard sheet can be found at the following web address:
