

MEMORANDUM

TO: All District Engineers

FROM: Carlos A. Lopez, P.E.
Traffic Operations Division

DATE: January 7, 2005

SUBJECT: Updated Standard Sheets
RFBA-04, SPRFBA(1)-04 thru SPRFBA(3)-04, TS-CF-04

The above mentioned standard sheets have been updated and are available in the Traffic Engineering Standard Plan Sheets Files on the TxDOT website. Revisions were necessary to reflect the 2004 Standard Specifications. The following summarizes the changes:

- ◆ RFBA-04 was revised to reflect the 2004 Standard Specifications, to allow either drilled shaft or screw-in type anchor foundations, and to correct some references and wording.
- ◆ SPRFBA(1)-04 thru SPRFBA(3)-04 were revised to correct wording, references, and reflect the requirements of the 2004 Standard Specifications.
- ◆ TS-CF-04 was revised to reflect requirements of the 2004 Standard Specifications, includes a ground rod, and allows for a newer cabinet base design that is more ergonomic and includes cable racks for strain relief.

Please contact Clint Jumper at (512) 506-5155 or me if there are any questions regarding the revisions to these standard sheets.
