SINGLE CANTILEVER

Connection Details

Stiffener R 1/8 for single cantilever
R 4 for double cantilever, locate below bottom chord as shown in elevation.

Splice 2 x 3/8" shear chord splice plate shown in figure.
2 splice plates with combined thickness not less than chord thickness. Both pairs of splice plates shall have a combined net area not less than chord net area.

Notes:
- Each side of double shear chord splice requires only half the number of bolts shown in the COSSD design tables.
