## Material Producer List

Construction Division – Materials & Pavements Section

## Lime

The following producers are pre-qualified to supply hydrated lime, commercial lime slurry, and quicklime.

The Department reserves the right to conduct random sampling of pre-qualified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, the project site, and the warehouse. The Materials and Tests Division reserves the right to test samples to verify compliance with DMS-6350, "Lime and Lime Slurry."

For more information, contact the Materials and Tests Division's Rigid Pavements and Concrete Materials Branch at (512) 506-5858.

### *Hydrated Lime*

Producers of hydrated lime are pre-qualified in accordance with DMS-6330, "Pre-Qualification of Lime Sources." Required sampling for hydrated lime is one sample per producer per project.
