

Asphalt Binders

NOTE: Refresh the page to view the most current list.

Tex-545-C, “Asphalt Binder Quality Program,” provides the requirements and procedures for asphalt binder suppliers to obtain prequalification and preapproval of their products from the Materials and Tests Division (MTD).

The following producers are pre-qualified in accordance with Tex-545-C. Producers who do not appear on this list may not supply asphalt binders for use on TxDOT projects. Producers on this list must still provide current TxDOT lab numbers indicating preapproval of specific products with all shipments (this information is also available in SiteManager).

For more information, contact MTD’s Flexible Pavements Section at (512) 506-5147.
