

Fly Ash

NOTE: Refresh the page to view the most current list.

The following sources are prequalified in accordance with DMS-4610, “Fly Ash,” or DMS-4615, “Fly Ash for Soil Treatment.”

The Department reserves the right to conduct random sampling of prequalified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, terminal, shipping container, and concrete plant. CST/M&P reserves the right to test samples to verify compliance with DMS-4610 or DMS-4615.

All sources approved as Class F and Class C are also approved as Class FS and CS, respectively.

For more information, contact the Construction Division’s Rigid Pavements and Concrete Materials Branch at (512) 506-5858.
