Material Producer List

Materials & Tests Division (MTD)

Structural Steel Paints – Performance

The following products and manufacturers meet the requirements of DMS-8101, “Structural Steel Paints - Performance.” Send samples of materials on hand on painting projects to the Materials & Tests Division, to assure that the actual batches in use comply with the Specification as well as match the pre-qualified sample.

For more information, contact MTD’s Coatings and Traffic Materials Branch at (512) 506-5870.

Producer Code	Company	Inorganic Zinc Primer	Epoxy Zinc Primer	Epoxy Intermediate	Polyurethane	Penetrating Sealer	Acrylic Latex
99928	Ameron/PPG	Dimetcote 9 Dimetcote 9 VOC	Amercoat 68HS	Amercote 385PA Americote 399	Amercoat 450H	Amerlock Sealer 1	Pitt-Tech Plus
