

Steel Bridge Fabrication Shops

Material Producer List

Materials and Tests Division – Prefabricated Structural Materials Section

Steel Bridge Fabrication Shops

Reference

Refer to the Department's *Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges* for information on the following:

- Item 441, "Steel Structures"

General

The Department reserves the right to conduct random sampling and testing and visual inspections of materials from approved steel fabricators. Department representatives may sample and inspect material at the fabrication shop or the project site. The Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with Item 441.

The fabricator's monogram stamp will only to be placed on TxDOT-inspected product. This stamp will not be placed on product for which TxDOT has not provided Quality Assurance inspection.

For more information, contact MTD's Prefabricated Structural Materials Section at (512) 506-5924.

Fabrication Shops

The following Steel Bridge Fabrication Shops (as defined in Item 441) that produce primary and secondary steel bridge members (as defined in Item 441) are approved in accordance with DMS-7370, "Steel Bridge Member Fabrication Plant Qualification."

Steel Bridge Fabrication Shops

Producer Code	Fabricator	Location	AISC Certification ¹
99857	AFCO	Little Rock, AR	ABR, FCE, SPE-P1
99522	AFCO	Van Buren, AR	ABR, FCE, SPE-P1
