

US 77 Proposed Bridge

Option 1

NOTE: Computer rendering. Not all features are shown or known at this time such as safety fencing, illumination, signage, etc. Within the railroad ROW a chain link fence would be attached to the railing to fulfill railroad safety requirements.

US 77 Proposed Bridge

Option 2

NOTE: Computer rendering. Not all features are shown or known at this time such as safety fencing, illumination, signage, etc. Within the railroad ROW a chain link fence would be attached to the railing to fulfill railroad safety requirements.
