## REVISED NOTICE OF REQUEST FOR APPLICATIONS FOR COUNTY TRANSPORTATION INFRASTRUCTURE FUND GRANT PROGRAM

\*\*\*\*\*

On November 21, 2013, by minute order No. 113766, the Texas Transportation Commission (commission) adopted rules, codified as Title 43 Texas Administrative Code §§15.180 – 15.197 (rules), that prescribe the policies and procedures governing the Texas Department of Transportation's (TxDOT) implementation of the county transportation infrastructure fund grant program (program) under Transportation Code, Chapter 256, Subchapter C. Pursuant to the program, TxDOT will administer a grant program using the transportation infrastructure fund and provide funding to eligible counties for transportation infrastructure projects located in areas of the state affected by increased oil and gas production. On November 21, 2013, by minute order No. 113773, the commission specified February 7, 2014 through February 14, 2014 as the first period of time in fiscal year 2014 for submission of grant applications for the program, and \$224,500,000 as the total amount of grant money available for the designated period.

After the adoption of minute order No. 113773, an extension was requested by several state elected officials to allow each county more time to satisfy the eligibility requirements of the grant program. In response to the request, on January 30, 2014, by minute order **No. 113819**, the commission revised the first period of time in fiscal year 2014 for submission of grant applications for the program.
