

## NOTICE OF PUBLIC MEETING

The Texas Department of Transportation (TxDOT) will hold a public meeting regarding the proposed expansion of SH 332 from FM 521 to SH 288 in Brazoria County. The meeting will be held on Tuesday, September 29, 2015, at the Lake Jackson Civic Center, located at 333 SH 332 E, Lake Jackson, Texas, 77566. The meeting will be held in an open house format from 5:30 p.m. to 7:30 p.m. No formal presentation will be made.

The purpose of the public meeting is to present the proposed project to the public and receive comments. The proposed project would widen the existing two-lane undivided roadway to a four-lane divided roadway from FM 521 to FM 2004, and widen SH 332 from four to six lanes between FM 2004 and SH 288. The project would replace existing bridges that cross Buffalo Camp Bayou and a diversion channel that is east of Buffalo Camp Bayou. Additionally, the project would construct a drainage channel on new location that would run south from SH 332 to the Brazos River. Total length of the project is approximately 5.3 miles. Additional right-of-way (ROW) would be required. The proposed project would also result in residential and commercial displacements. The purpose of the proposed project is to reduce traffic congestion, accommodate population growth, and improve mobility, safety, drainage and hurricane evacuation.

Exhibits showing aerial photography and schematic plans for the proposed project will be available for review at the public meeting.
