

Policy on Right of Way Fencing

Minute Order No. 80872

June 29, 1983

WHEREAS, additional right of way is acquired as needed for construction and reconstruction on the State Highway System; and

WHEREAS, the additional right of way may be purchased from owners whose land is fenced; and

WHEREAS, this Commission finds that offers of payments in negotiations for the purchase of right of way from these owners should include amounts sufficient for the cost of adequate refencing along the proposed highway right of way line;

NOW, THEREFORE, the Engineer-Director is authorized to promulgate Departmental procedures whereby offers of payments to owners in negotiated settlements for additional highway right of way include amounts found sufficient for the cost of adequate refencing of owners' property along the proposed highway right of way line.
