

# IH 35 FACT SHEET

## Project Description:

- Expand IH 35 from 6 to 8 lanes
- Reconstruct and reconfigure ramps
- Provide auxiliary lanes between ramps
- Convert the Southbound IH 35 to Southbound IH 410 Ramp from a Left Side Exit to a Right Side Exit
  
- Project length → 4.937 miles

## Project Purpose and Need:

- Heavy congestion that is expected to worsen
- Safety issues associated with increased congestion

## Project Schedule:

- Public Hearing / Environmental Clearance: Spring/Summer 2013
- Detailed Design Completion: Summer 2013
- Construction Start: Fall/Winter 2013
- Construction Duration: Approximately 2-2.5 years

## Identified Funding:

- Proposition 12 (State-Funded General Obligation Bonds)
- Category 1 (Preventative Maintenance and Rehabilitation)
- Department of Defense (Office of Economic Adjustment Grant)
- Construction Cost Estimate: \$52 Million
