Section 1

Section 2

This checklist is for FHWA funded and State projects as defined by 43 TAC §2.82(c) only. Please check every box that applies to your potential BCE project. All items in a bulleted list do not need to apply to your project; if one item in a bulleted list applies to your project, please check the appropriate numbered box.

1. Activities that do not involve or lead directly to construction, such as:
 - * planning and technical studies
 - * grants for training and research programs
 - * research activities as defined in 23 USC 307
 - * approval of a unified work program and any findings required in the planning process pursuant to 23 USC 134
 - * approval of statewide programs under 23 CFR part 630
 - * approval of project concepts under 23 CFR part 476
 - * engineering to define the elements of a proposed action or alternatives so that social, economic, and environmental effects can be assessed
 - * Federal-aid system revisions that establish classes of highways on the Federal-aid highway system
2. Approval of utility installations along or across a transportation facility
3. Construction of bicycle and pedestrian lanes, paths, and facilities
4. Activities included in the State's "highway safety plan" as defined by 23 USC 402
5. Transfer of Federal lands pursuant to 23 USC 317 when the subsequent action is not an FHWA action
6. The installation of noise barriers or alterations to existing publicly owned buildings to provide for noise reduction
7. Landscaping
8. Installation of fencing, signs, pavement markings, small passenger shelters, traffic signals, and railroad warning devices where no substantial land acquisition or traffic disruption will occur
9. Emergency repairs as defined under 23 USC § 125
10. Acquisition of scenic easements
11. Improvements to existing rest areas and truck weigh stations
12. Ridesharing activities
13. Bus and rail car rehabilitation
14. Alterations to facilities or vehicles in order to make them accessible for elderly and handicapped persons
15. Program administration, technical assistance activities, and operating assistance to transit authorities to continue existing service or increase service to meet routine changes in demand
16. The purchase of vehicles by the applicant where the use of these vehicles can be accommodated by existing facilities or by new facilities, which are themselves within a CE
17. Track and railbed maintenance and improvements when carried out within the existing right of way
18. Purchase and installation of operating or maintenance equipment that is to be located within the transit facility and with no significant impacts off the site
19. Projects consisting of work classified as a seal coat, overlay, resurfacing, rehabilitation, or restoration done within existing ROW, on an existing road, and completely within the footprint of existing base course, or within 10 feet of each side of existing edge of pavement within previously disturbed ROW, or within the flowlines of the ditches, whichever are greater are BCEs
20. Approval for disposal of excess right-of-way or for joint or limited use of right-of-way, where the proposed use does not have significant adverse impacts

Please Note: This list is taken from the FHWA and TxDOT Programmatic Agreement Section D, Classification Criteria for BCEs and Title 43 Section 282(c) of the Texas Administrative Code.

Comments:

For FHWA projects, if one or more of the conditions above have not been met and an exception is not approved, then the project must be classified at a higher NEPA level as determined by FHWA.
