State Campgrounds

Texas state parks offer a range of amenities, from full hookups to wilderness camping. The improved camping areas have restrooms with flush toilets and hot showers. Some primitive camping areas have self-composting toilets but no showers. Wilderness areas offer trails and maps but no utilities—those operate on the “pack-it-in, pack-it-out” principle. Improved campsites have utilities, a tent pad or trailer parking pad, a picnic table and fire ring. Many also include a grill standing waist-high as well as a pole with a lantern hook.

For camping reservations, call 512/389-8900 8 a.m.–6 p.m. Monday through Friday. For organization or group reservations, call 512/389-8920. To make reservations online, visit texasstateparks.org/reservations.

Texas State Parks Pass offers many special benefits, including unlimited visits for the pass holder and entire carload of guests to more than 90 state parks and historic sites, as well as camping discounts and more. Passes are available at park offices or by calling the State Parks Customer Service Center at 512/389-8900.

Texas State Parklands Passport offers free entrance to everyone who was born before September 1, 1930, and to veterans with a 60 percent or greater disability. For visitors that are 65 years of age or older and are a Texas resident, or have a documented physical or mental impairment that substantially limits one or more major life activities, will receive a 50 percent off discount on entrance fees. For a Texas Parklands Passport, apply in person, with proof of eligibility, at any Texas State Park.

Texas State Parks are not part of the National Park Service. They do not accept passes/passports from the national parks.

For more information about state parks, visit the Texas Parks and Wildlife Department website, texasstateparks.org; call 800/792-1112; or send mail to Texas Parks and Wildlife, 4200 Smith School Road, Austin, TX 78744.

Federal/National Campgrounds

The America the Beautiful Annual Pass provides entrance or day-use fees at federally operated recreation sites across the country for the driver and all vehicle passengers at a per vehicle fee area or up to four adults at sites that charge per person. A Senior Pass is available to U.S. Citizens or permanent residents who are age 62 or older. An Access Pass may be available to citizens or permanent U.S. residents with a medically-determined permanent disability. The senior and access passes may provide the pass owner a discount on some expanded amenity fees such as camping. The pass is issued by and covers entrance fees at sites managed by the U.S. Forest Service, National Park Service, U.S. Fish and Wildlife Service, Bureau of Land Management and Bureau of Reclamation.

For information on passes that the U.S. Army Corps of Engineers is authorized to issue, sell or accept, including the Corps of Engineers Annual Pass, visit usace.army.mil/missions/civil-works/recreation, click on Recreation Passes.

Pass holders are encouraged to contact the site they plan to visit and inquire about pass acceptance and discounts before visiting. For more information, call 888/ASK-USGS or visit store.usgs.gov/pass/index.html.

Reservations: Visitors to most federal campgrounds managed by the U.S. Army Corps of Engineers, U.S. Forest Service, National Park Service, Bureau of Land Management and Bureau of Reclamation may make reservations through the National Recreation Reservation Service for selected facilities and activities across the nation.
