## I-20 Six-Lane Widening Project

The TxDOT cordially invites you to attend a virtual public meeting regarding the proposed I-20 Six-Lane Widening Project.

Since our first open house held in November 2019 and due to public input received, the project study limits have extended to the western city limit of Abilene for a total of 15.7 miles. This project will identify future safety and mobility improvements to the I-20 corridor from the western city limits of Abilene to near Buck Creek Road (CR 108) in Taylor and Callahan Counties.

If you do not have internet access or if you need additional information, please call (512) 342-3281 to ask questions about the project and access project materials at any time during the project development process. When using the hotline, please state your name, inquiry, and a callback number. A project team member will reply to your call within two business days.
