

# US 83/277 at FM 3034 Overpass

Current AADT: 11,200 (2015)  
Future AADT: 21,600 (2035)  
Truck Traffic: 18%

## PROJECT DETAILS

**County:** Taylor/Jones County  
**Highway/Limits:** US 83/277 at FM 3034  
**Length:** 0.9 miles  
**Cost:** \$13,000,000  
**CSJ:** 0033-05-089  
**Letting:** September 2021  
**Construction Timeline:** Winter 2021 through Winter 2023

## NEED AND PURPOSE

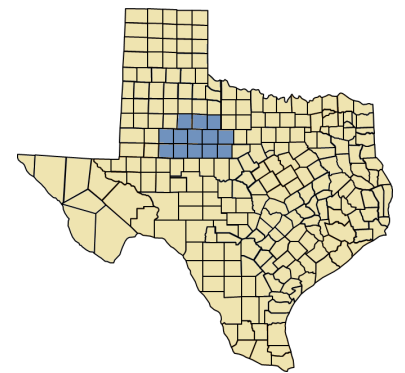

The Texas Department of Transportation (TxDOT), in conjunction with the Abilene MPO, has identified the intersection at FM 3034 as a priority for safety improvements. As part of the overall plan to improve safety and operation of the corridor, a proposed grade separation will serve to enhance the movement of traffic at the intersection of FM 3034.

## PLANNED IMPROVEMENTS

The proposed project will consist of building an overpass over the FM 3034 intersection. Entrance and exit ramps will be provided for access to the intersection below.

FM 3034 will be realigned to reduce utility conflicts and the intersection will be re-built to the North of the existing intersection. Motorists will no longer have a conflict with high speed cross traffic that will now be on the bridge structure above.

This project will require the purchase of R.O.W. with no impacts to building structures. The cost of R.O.W. acquisition and utility relocation is to be determined.
