The Texas Department of Transportation cordially invites you to attend an open house regarding the rehabilitation of US 54 between the Rita Blanca Creek bridge and US 87 in Hartley and Dallam counties. The project proposes upgrading the existing US 54 roadway by rehabilitating the existing pavement to concrete from the Rita Blanca Creek bridge to US 87 and constructing sidewalks and pedestrian accommodations from the Dalhart city limits to US 87. Improvements to existing driveways would also occur as part of the proposed project.
