

Open House Public Meeting

FM 50 and UPRR Intersection Robertson County

CSJ:0648-01-034

Thursday, May 2, 2019
4:00 to 6:00 p.m.
Mumford ISD Complex- Mustang Room
9755 FM Rd. 50
Mumford, TX 77807-1439

The Texas Department of Transportation (TxDOT), as the Lead Agency, is proposing to construct a grade separation at the FM 50 and Union Pacific Railroad (UPRR) crossing in Mumford, Robertson County, TX. An informal open house is scheduled for Thursday, May 2, 2019 between 4:00 p.m. and 6:00 p.m. at Mumford ISD Complex in Mumford, TX. TxDOT staff will display the proposed project layouts and be available to discuss the project.

The existing highway consists of two 11 foot lanes with three foot outside shoulders in both the northbound and southbound directions. The existing Right of Way (ROW) is 80 feet. FM 50 at UPRR is an at-grade intersection in which FM 50 traffic has to stop for railway traffic.

The proposed improvement would grade separate FM 50 over the UPRR and return back to grade near the front of the Mumford High School. The proposed roadway would have two 12-ft travel lanes with 8 to 10-ft shoulders and a right-turn lane to Mumford Circle and south entrance to Mumford ISD complex. The FM 50 bridge (approach and span) over the UPRR line would be approximately 2,085-feet long. This alternative would need approximately 22 acres of new ROW and would not displace any residential or non-residential structures. Although additional ROW is required, no residential or non-residential structures would be displaced. Information concerning services and benefits available to affected property owners and information about the tentative schedule for ROW acquisition may be obtained from the District Office at the address listed below.

Interested citizens are invited to attend and may come and go at their convenience. Information about this project is also available on the TxDOT Projects and Studies web page at <http://www.txdot.gov/inside-txdot/projects/studies/bryan.html> keyword "FM 50 at UPRR." Updated meeting displays will be available for viewing on the web page after the public meeting. Displays showing the design and other information regarding the project are also available for inspection at the TxDOT Bryan District Office Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m.

Comments may be made at the meeting or in writing by May 17, 2019, to the TxDOT Bryan District Bridge Office Attn: FM 50 and UPRR Intersection, 2591 North Earl Rudder Freeway, Bryan, TX 77803, or by email or phone to Mr. Steve Higgins, P.E. with the Bryan District Advance Planning Office at (979) 778-2165 or Steve.Higgins@txdot.gov.

Persons interested in attending the meeting who have special communication or accommodation needs, are encouraged to call (979) 778-9768. Requests should be made at least two days prior to the Meeting. Every reasonable effort will be made to accommodate these needs.
