

US 290 Improvements Informational Open House

CSJ: 0114-10-108

Thursday, January 30, 2025

5:00 p.m. – 6:30 p.m.

Chappell Hill Volunteer Fire Department Community Hall

5295 Main St, Chappell Hill, TX 77426

The Texas Department of Transportation Bryan District in collaboration with Washington County is developing plans to improve various crossovers along US 290 between FM 577 and FM 2447 in Washington, County. The proposed improvements would reconfigure existing crossovers to Restricted Crossing U-turn (RCUT) intersections at selected locations and close other crossovers to enhance safety and improve traffic flow along the corridor. No additional right of way is proposed for the project.

Join us at the informational open house to learn more about the changes and provide feedback on the design. Attendees will be able to come and go as they please to review the project layout and ask questions. More information about the project can be found on the project webpage at www.txdot.gov, keyword search "US 290 Improvements".

If you need an interpreter or are a person with a disability who requires an accommodation to participate, please contact Bryan District Public Information Officer at (979) 778-9764 by Monday, January 27, 2025.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.
