US 281 Lampasas to Evant

The Texas Department of Transportation (TxDOT) invites you to participate in a virtual open house with the option to attend two in-person meetings regarding the proposed project to enhance safety and improve mobility along US 281 between US 183 (Lampasas) and the Hamilton County Line (Evant) in Lampasas and Coryell Counties. This is the third series of open houses for this project. Participants will be able to view the preferred route option (which has been refined since the November 2023 open house), an evaluation of the previous options, ask questions of project staff, and provide input. Input received in response to this open house will be considered as the project is further developed.
