

FM 917 (I-35W TO MANSFIELD) SAFETY & MOBILITY IMPROVEMENTS FORT WORTH DISTRICT

ESTIMATED PROJECT MILESTONES

Schematic Approval: Early 2025

Environmental Clearance: Early 2025

PS&E Completion: Late 2027

ROW Acquisition Completion: Early 2027

Utility Relocations Completion: Early 2029

Construction Letting: Mid 2029

PROJECT OVERVIEW

Highway/Limits: From I-35W to south of BU 287P

Project ID: 1181-04-047

Project Length: 9.4 miles

Project Description: The proposed project would reconstruct and widen FM 917 from I-35W to west of Mansfield. The project is 9.4 miles in length and improvements would realign and widen FM 917 from two lanes to an interim four lanes and an ultimate six-lane facility. TxDOT would like your input on the preferred alternative selected based on community input.

Construction Cost: The proposed project would have a construction cost of approximately \$175 million.

Funding: This project is only partially funded.

Right of Way: The proposed project would, subject to final design considerations, require approximately 82 acres of additional right-of-way.
