FM 179 Roadway Rehabilitation Project

PUBLIC MEETING

Thursday, Dec. 18, 2025

Frenship ISD Casey Administration Building

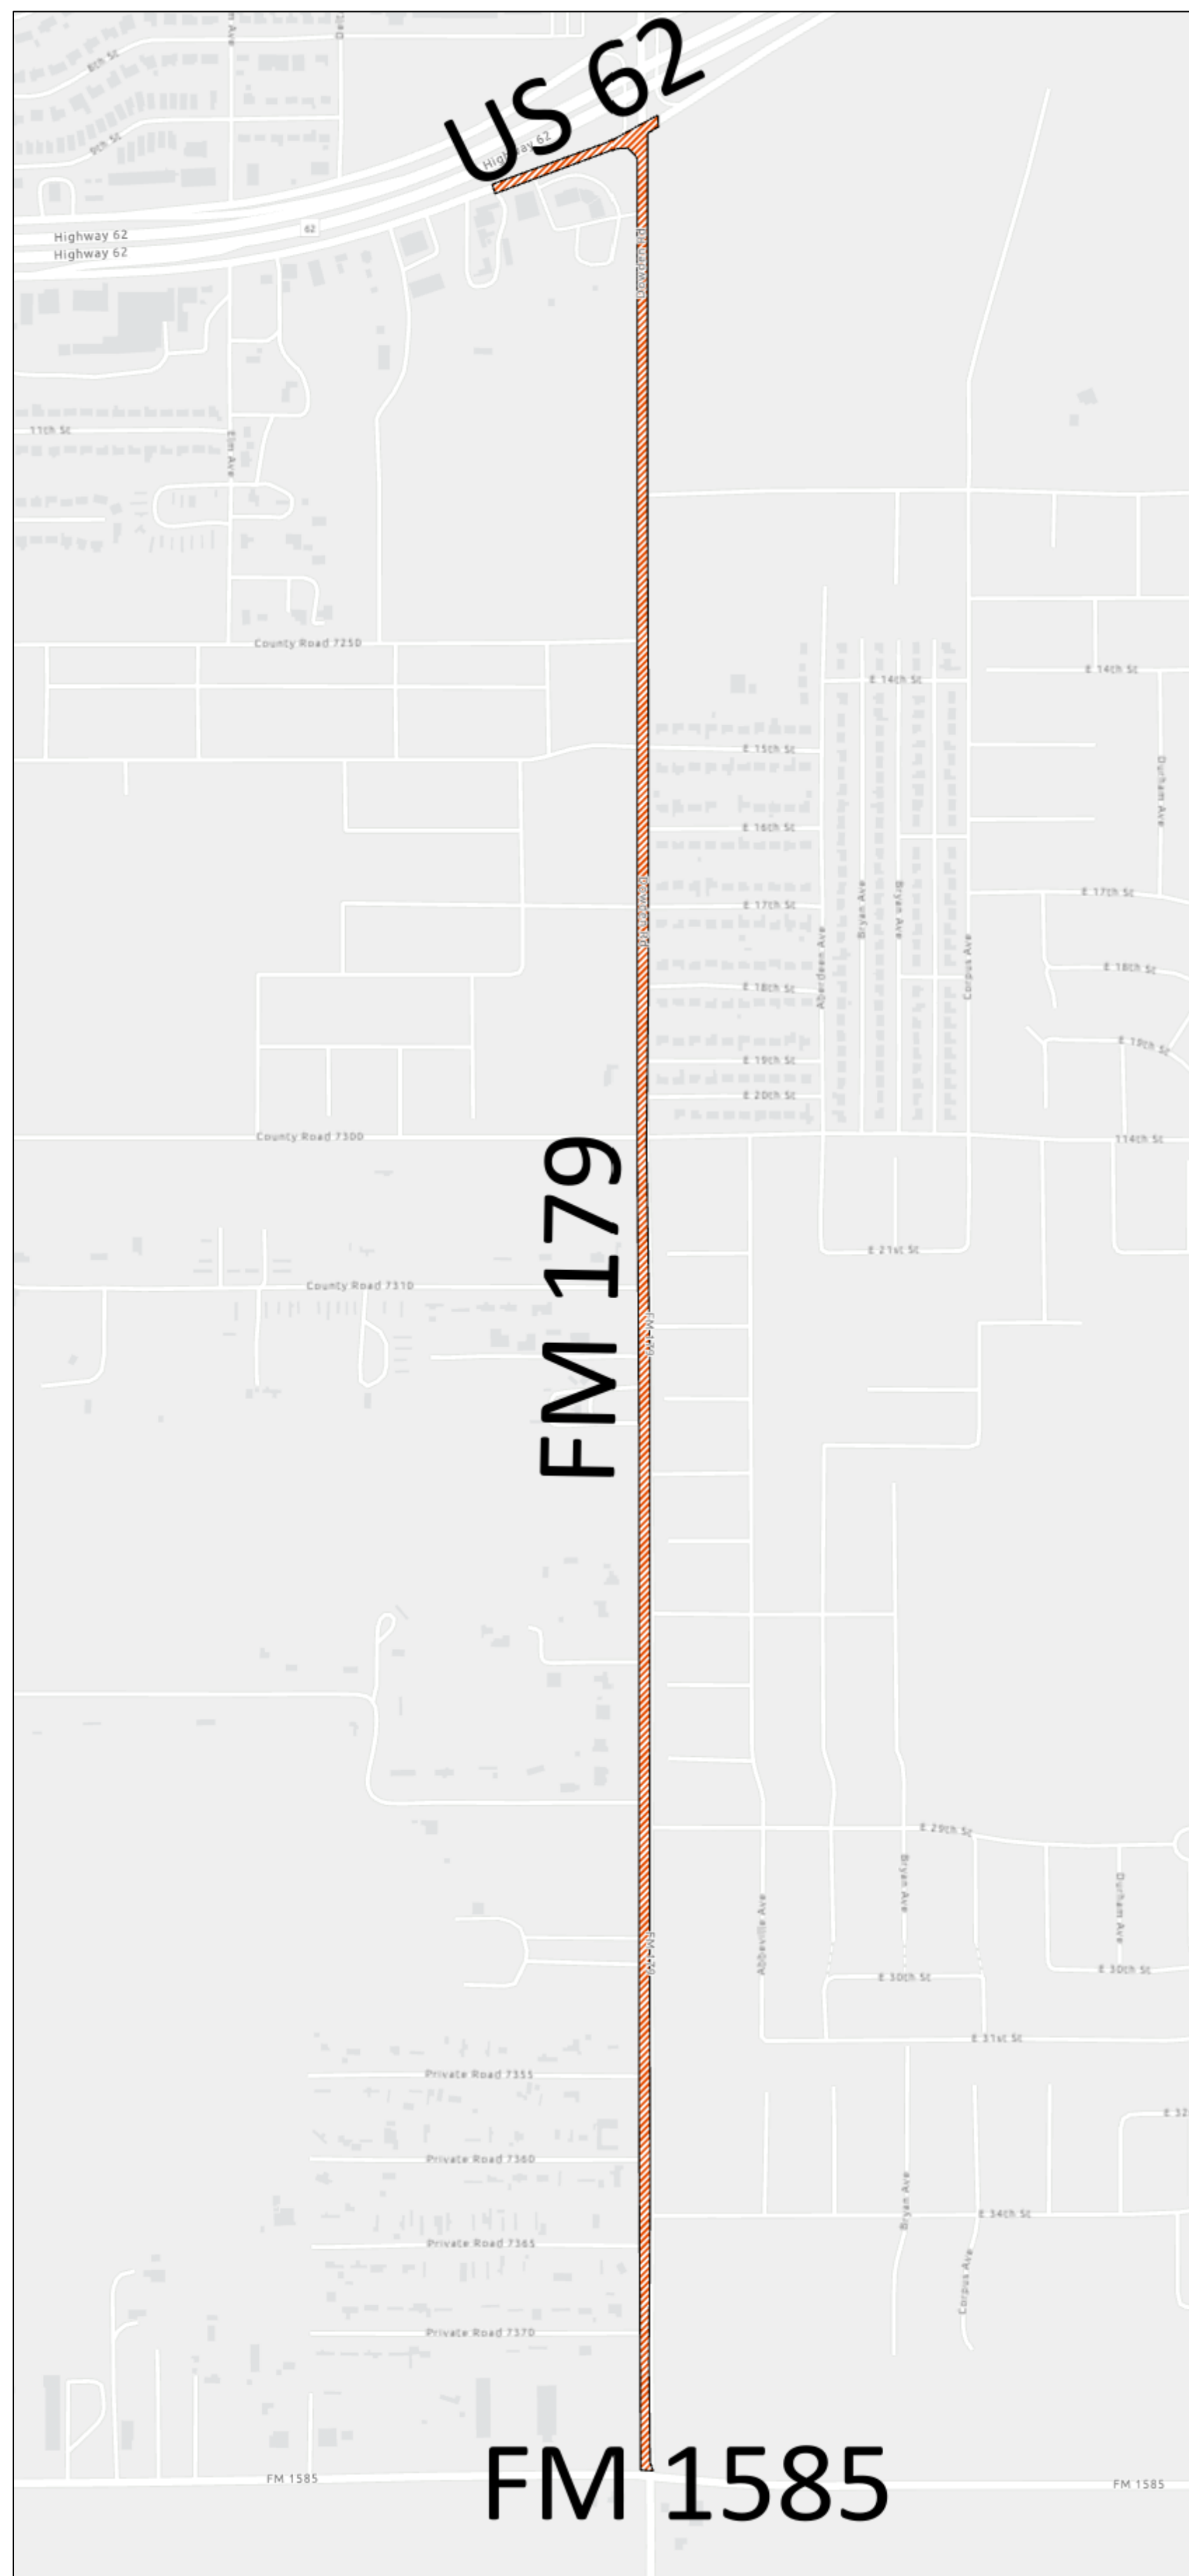

501 7th St.

Wolfforth, TX 79382

Available online Thursday, Dec. 18, 2025

- 1 Please sign-in
- 2 Watch a video presentation
- 3 View exhibits
- 4 Ask questions and Provide comments

FM 179 Overview

- Project Limits: US 62 to FM 1585
- Anticipated Letting: Summer 2026
- Anticipated Construction Completion: Winter 2027
- Phased Construction Planned
- Purpose and Need for project:
 - Reduce congestion on FM 179.
 - Reduce delays at US 62 and FM 1585.
 - Improve traveling public safety on FM 179.
 - Improve drainage congestions on FM 179.

TxDOT's General Project Development Process

Timelines are estimates. The timeframe to complete all phases of work is an estimate and spans approximately 8-12 years, depending on funding availability.

National Environmental Policy Act (NEPA)

These are some of the social, economic, and environmental resources being studied:

**Floodplain
Management**

**Traffic
Noise**

Farmlands

**Social and
Community
Resources**

Environmental constraints are key areas that we need to assess and avoid, if possible, when building roadway improvements.

TxDOT would avoid or minimize and mitigate impacts to the greatest extent feasible.

Existing Roadway

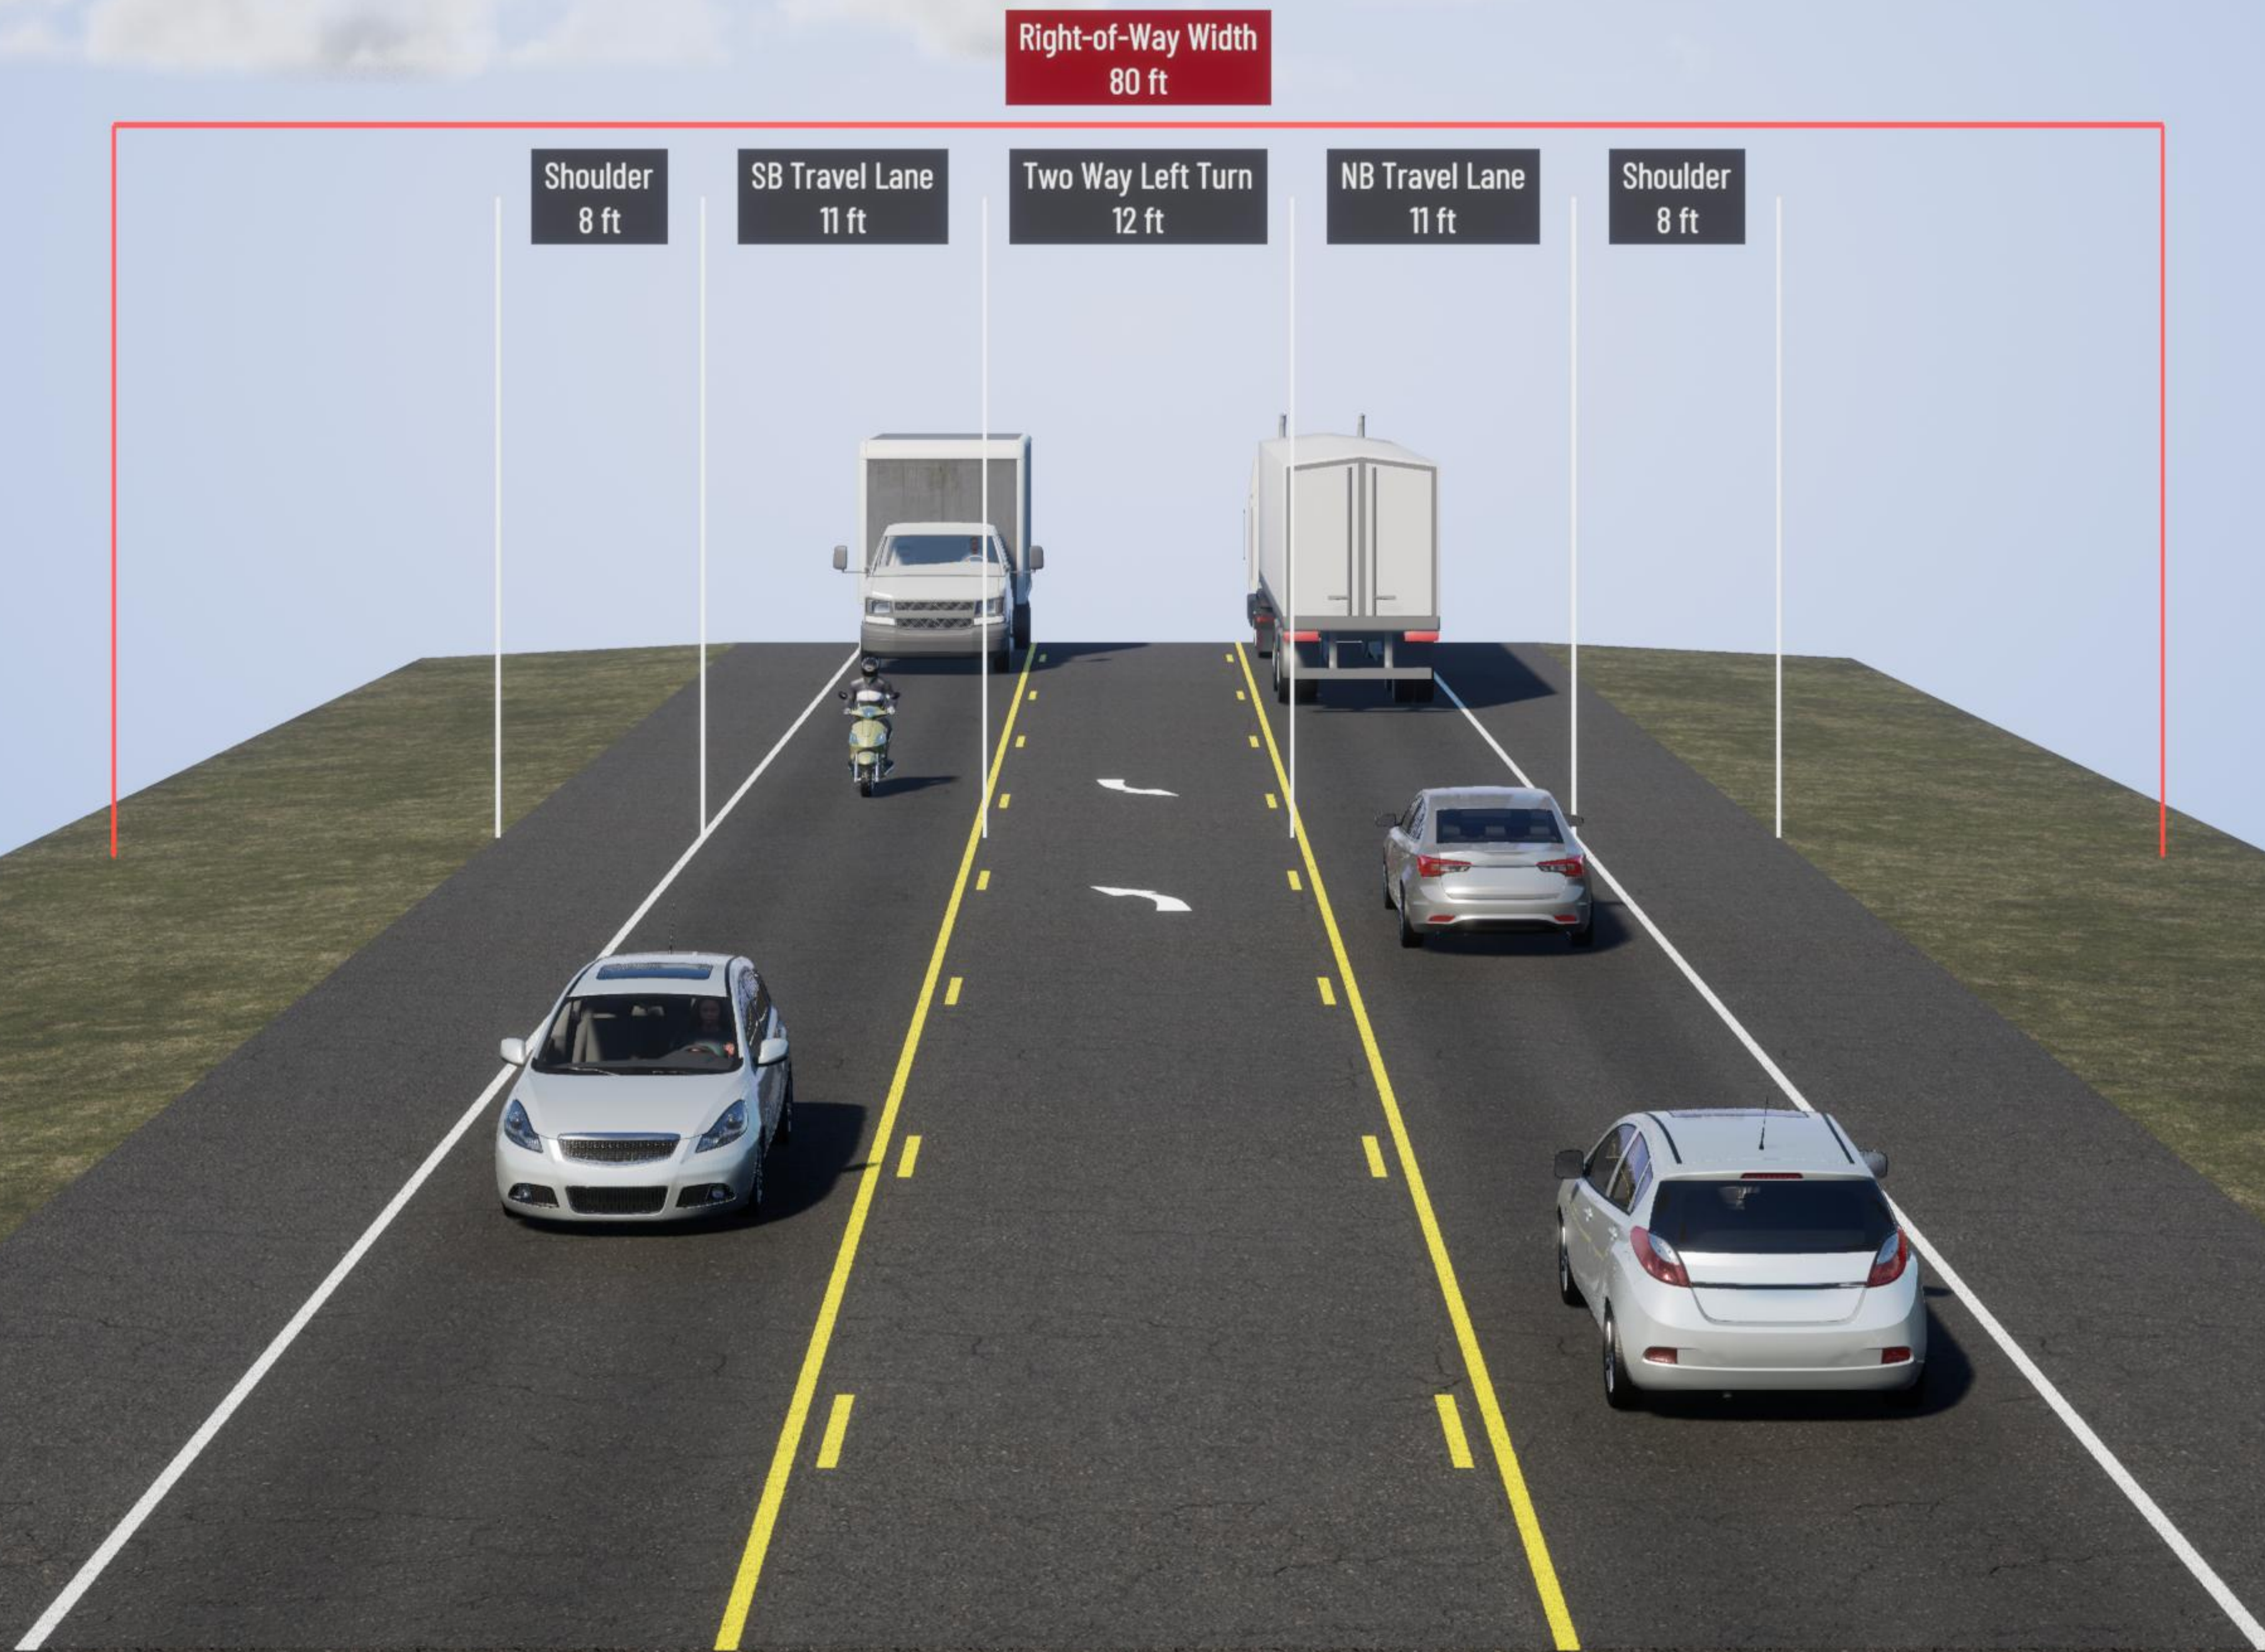

Right-of-Way Width
80 ft

SB Travel Lane
12 ft

NB Travel Lane
12 ft

Proposed Roadway

Construction Phasing

Phase One

Temporarily widen the roadway from US 62 to CR 7250 to allow for a safe work area behind barricades and keep two lanes of travel open.

There will be temporary traffic pattern switches and detours during this phase for E 12th Street and CR 7250 while structures are widened.

Phase Two

Roadway work will occur on the widened portion of FM 179 from US 62 to 22nd Street.

There will be daytime closures throughout this phase of work.

Two-way traffic will be established throughout this phase when applicable.

Phase Two has various steps that will require the contractor to do work on either side of the road at a time.

Phase Three

Roadway work will occur on the widened portion of FM 179 from 22ND Street to FM 1585.

There will be daytime closures throughout this phase of work.

Two-way traffic will be established throughout this phase when applicable.

Phase Three has various steps that will require the contractor to do work on either side of the road at a time.

Project Completion

Phase 4, 5 and 6: (From US 62 to FM 1585):
Finalizing striping, stabilizing, and project clean ups will be occurring.

Various items will be performed as well in this project:
Installation of illumination, Signals, ITS, Signage, Guardrail, Riprap Ditch work off US 62. Replacing driveways per plans, drainage basin work, and revegetation.

Project Development

Anticipated Project Timeline

This timeline is approximate and subject to change

Advancement to utility adjustments, final design, and construction is contingent upon the results of the environmental process and funding availability.
