Pre-Certification Application

Project Information

Notes:

- Required fields are marked with “*”.
- Use 4 digits when entering year
- For ongoing projects, use current date for the Date completed.
- For the Description of the Work Done on this Project, we do not want a description of the project. We need to see the actual work that you performed on the project that demonstrates to us how you meet the minimum requirements for any category in which you’re seeking precertification. In other words, how did you get from point a to point c? What was the actual work?
- A new field has been added for each project to allow you to enter Additional General Description information for the project. This field allows a maximum of 759 characters of text.
- A new field has been added for each category listed for a project to allow you to enter Additional Description of Work Completed in this Category information for each category entered for each project. This field allows a maximum of 253 characters of text.
- The maximum number of projects has been expanded from 10 to 20.
